Dear Family in Christ,

Greetings in the matchless name of our Lord and Savior Jesus Christ!

I am honored to share a testimony of the Present Truth how it all has begun in India. It has begun with Pastor Vijay and Sonia Cherukuri of Andhra Pradesh, South India since 2019. Their journey of faith is an encouragement to the Adventists in the close of this world's history.

HABAKKUK'S TWO TABLES

BIBLE STUDY FOR ADVENTISTS EXCLUSIVELY

THE TRUE ADVENT MOVEMENT IN INDIA

Pastor Vijay pursued both Bachelors and Masters of theology from Spicer Adventist University and worked in various capacities in the Adventist church, he was the Executive Secretary of a conference in South India before he left the mission work to take up the proclamation of the the Present Truth message in India.

His journey took a divine redirection in 2019. After three U.S. visa rejections for doctoral studies at Andrews University, Vijay felt compelled to seek God's true will and plan for his life. It was during this time he was introduced to the 2520 prophecy and to the Habakkuk's Two Tables of 95 presentations of brother Jeff by a lady lay member, Sowbhagya Sudha. She introduced the 2520 prophecy to some prominent people in the church but they all rejected it. But when this prophecy came to Vijay, he started to study Habakkuk's Two tables material and listen the 95 video presentations simultaneously.

The Truth was so plain and strikingly convincing. A troubling question he had for long time was answered. Question was; Adventist church being God's chosen church, why is it in darkness, why no integrity and spirituality in the leadership? Habakkuk's Two Tables presentations answered his question to it s perfection. Vijay has convinced with crystal clear mind that God has a message for him to present to the Adventist church in India.

Vijay had a desire to bring revival and reformation in Adventist church in India but he did not know what message to present to bring them until he came to the knowledge of present truth message. He understood that the Present Truth message is God's designed message to bring the final revival and reformation in church. And he chose to make any sacrifice for this.

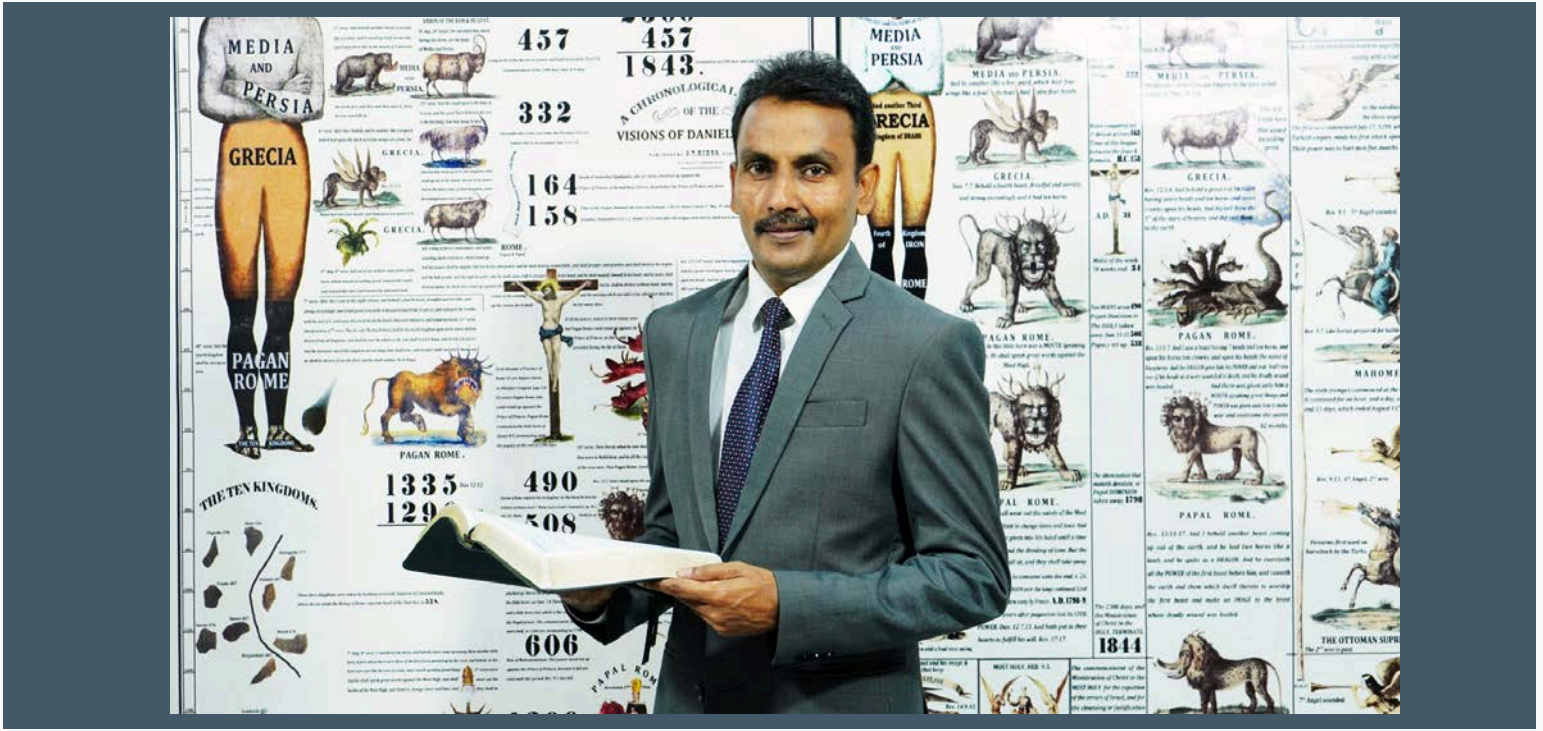

AN ENCOUNTER WITH PRESENT TRUTH

Vijay started to share the Present Truth with family members, leaders and young people. He proclaimed about Nashville as well and went through the experience of Nashville, July 18, 2020. He was terribly ridiculed for Nashville prophecy not coming true. It badly affected present truth message. People started to close their doors for present truth. Opposition began from all directions including his own brother who was a influential leader in the division became bitter enemy of the message. But his faith was not shaken a bit. Despite fierce opposition, about 50 sincere lay members from impoverished backgrounds accepted this truth.

There are many precious truths contained in the Word of God, but it is "present truth" that the flock needs now.

EARLY WRITINGS

A New Beginning: From Church Leadership to True Advent Movement

Vijay and his wife Sonia had been praying for God's guidance how to take this solemn and final message to Adventist church in India. Three years of prayer was answered and God moved their hearts with deep conviction. They understood fulltime and independent ministry is required to proclaim the Present Truth message. Vijay and Sonia made a bold decision to resign from their comfortable jobs and left their jobs on April 30, 2024, Sonia and Vijay officially resigned from their jobs under great opposition from family members and leaders of the church. Vijay being executive secretary of the biggest conference made it very difficult to execute the decision to resign from his mission work. By faith, Vijay and Sonia with two children quitting them from worldly education have relocated to the countryside, aiming to share the messages of the Habakkuk's Two Tables in their regional language. Many thought they were deluded and taken wrong direction, spoiling themselves and their children. But they have begun their new spiritual journey all under the guidance of God for His glory and for His church. They moved by mere faith, trusting that God will provide for every need.

Miraculously, the Lord began to open doors. Sonia's parents offered them shelter and land to begin a small media center, where they could record and share Present Truth messages in their regional language through YouTube. Before they began new mission, Sonia wrote a heartfelt email to the FFA team, thanking them for the life-changing messages of brother Jeff. But she never expected a reply from him. But the way brother Jeff responded to the her mail empowered their faith in the Present Truth. Brother Jeff shared their testimony with his team, who were deeply moved and encouraged Vijay and Sonia. The funds arrived as needed. In 100 days, a simple yet beautiful worship and media center was built, and an adjacent house was renovated for them to live in.

Broadcasted Truth and the Opposition

Faithful to their call to proclaim Present Truth, Vijay began preaching and recording sermons in Telugu, their regional language. These were uploaded to YouTube and began to circulate widely among believers in India, in Seventh-day Adventist groups. Within the span of 10 months, the Present Truth message became a movement and reached many people throughout India. They have now begun telecasting sermons in English as well, so that message can go to every Adventist location. The Present truth have reached to Spicer Adventist University where students come to study from all the parts of India and other countries.

Always, Truth Provokes Opposition

The Amazing Facts India team was among the first to resist. As it is an unpopular truth in India the Amazing Facts team began receiving phone calls from viewers about Vijay's sermons on the Habakkuk's Two Tables. Some people threatened Vijay to stop broadcasting his presentation as he is speaking against leadership and the church. Amazing Facts team said that Vijay is following Jeff ministry, it was once a famous movement in the USA where many people joined the movement but failed to continue in the movement realizing it was a trash.

YOUNG WARRIORS FOR TRUTH

STUDENTS OF THE SPICER ADVENTIST UNIVERSITY

Among the listeners were three young pastors who were studying theology at Spicer Adventist University. Deeply convicted by the Present Truth message, they made decision to leave their formal education and join hands with Vijay to help share the message. They voluntarily gave up their careers. Vijay has taken them under his wings. These young men have become part of their ministry now.

SURRENDERED THEIR LIVES TO PRESENT TRUTH

A CALL TO STAND TOGETHER

They have named their ministry as “The True Advent Movement”. God is indeed leading this ministry to give the last message before probation closes for Adventists
“love not their lives unto the death” (Revelation 12:11)

"Habakkuk's Two Tables is a vision of prophecies of the book of Daniel and Revelation given to prophet Habakkuk. Proclamation of these prophecies brought God's last church into existence. By discarding some of these prophecies, God's church backslidden from its spiritual condition. Therefore, God in His mercy is giving an invitation to God's church to come back to its original state because probation will close first for God's church at National Sunday Law in the United States of America. May God grant you all love for the truth through which Christ imparts His righteousness that is His Character".
