Tiri kufunga kuwiriraniswa kwaDanieri chitsauko 11 ndima 40, nendima 1 ne2 dzechitsauko ichocho. Ndima 1 inoratidza nguva yokuguma muna 1989, uye ndima 40wo inocherechedzawo nguva yokuguma muna 1989, nokuputsika kweSoviet Union sezvinomiririrwa nokuputswa kweRusvingo rweBerlin musu wa9 Mbudzi 1989.

Ndima yechipiri inozivisa mutungamiri wechitanhatu weUnited States mushure ma1989 somupfumi kupfuura vatungamiri vose, uye nokudaro inonongedzera kuna Donald Trump. Mukuita kudaro inozivisa kuti Trump “achamutsa” Grecia yose, iyo yakanga iri Humambo hwechiGiriki hwaAleksandha Mukuru hwendima yechitatu. Humambo hwechiGiriki hwendima dzechitatu neyechina ndicho chiratidzo choumambo hwenyika yose muna Danieri chitsauko chegumi nerimwe.

William Miller akatanga mutsara wokuti, “nhoroondo nechiporofita zvinowirirana,” uye nhoroondo yaDonald Trump inopa humbowo husingarambiki hwokuti akanga asiri iye oga mupfumi zvikuru kupfuura vose pakati pavatungamiri vasere wokupedzisira veUnited States chete, asiwo kuti vanotsigira utongi hwepasi rose muUnited States, uye munyika yose, vanovenga Donald Trump noruvengo rwakanyanya kusina musoro zvokuti vazhinji vanorutsanangura sokupenga.

Wa kwanza kati ya marais wanane wa mwisho, kuanzia mwaka 1989, kwa wazi alimwakilisha Trump kwa njia mbalimbali, hivyo kuthibitisha kwamba rais wa sita katika aya ya pili hatimaye angekuwa rais wa nane na wa mwisho. Reagan, akiwa wa kwanza katika mfululizo wa wanane, angemwakilisha wa nane na wa mwisho, kwa maana Yesu daima huonyesha mwisho wa jambo kwa mwanzo wa jambo.

Chapupu hwa Ronald Reagan, purezidhendi panguva yokuguma muna 1989, hunomiririra nenzira youprofita purezidhendi aizova wokupedzisira pavatungamiri vasere. Kwaizova navatungamiri vanomwe mushure maReagan, nokuti United States inorega kuva umambo hwechitanhatu hwouprofita hweBhaibheri pamurau weSvondo uri kuuya nokukurumidza, uye mukutungamirira kuenda kumurau iwoyo weSvondo, United States inoumba mufananidzo wechikara, uye chikara ichocho ndicho chechisere, kubva pazvikara zvinomwe. Reagan akanga ari purezidhendi wokutanga panguva yokuguma muna 1989, uye wokupedzisira aizova wechisere, uyo anobva kune vanomwe.

Reagan akati, musi waJune 12, 1987, panguva yehurukuro paBrandenburg Gate pedyo neRusvingo rweBerlin muWest Berlin, Germany, achitaura kuna General Secretary weCommunist Party yeSoviet Union, Mikhail Gorbachev, “General Secretary Gorbachev, kana muchitsvaka rugare, kana muchitsvaka budiriro yeSoviet Union neEastern Europe, kana muchitsvaka kusunungurwa kwezvematongerwo enyika: Uyai pano pasuwo iri! VaGorbachev, zarurai suwo iri! VaGorbachev, pwanyai rusvingo urwu!” Mutsara wokutanga wemitsara yakakurumbira zvikuru yevatungamiri vapurezidhendi vasere vokupedzisira wakaradidza kuzadzika kwokuputswa kworusvingo urwu makore maviri akatevera, musi waNovember 9, 1989.

Mukuita saizvozvo, kusimbisa kwakaita Reagan pakuputswa kwemadziro kwakataura kumutungamiri wenyika wechisere, uyo paaimhanyira kuva mutungamiri wenyika wechitanhatu, akavakira mushandirapamwe wake pachivimbiso chokuti “kuvaka rusvingo.” Wokutanga pavatungamiri wenyika vasere vokupedzisira akadaidzira kuti rusvingo ruputswa, uye Rusvingo rweBerlin rwakaputswa muna 1989, panguva yokupedzisira. Panguva yomutemo weSvondo uri kuuya nokukurumidza, “rusvingo” rwokupatsanura Chechi neHurumende ruchaputswa, sezvinomiririrwa nokutanga muna 1989. Pakati peiyo nguva mutungamiri wenyika wechitanhatu, anomutsa va-globalist, anoedza kuvaka rusvingo rwavasingadi, uye paanenge ava zvakare mutungamiri wenyika wechisere kubva pavaya vanomwe, rimwe “rusvingo” ruchawiswazve.

Wokutanga pavatungamiri vasere vanoziyikanwa nekuputswa kwemadziro akaradidza nguva yokuguma, sezvinomiririrwa muna Danieri 11:40, uye wokupedzisira pavatungamiri vasere vanoziyikanwa nekuputswa kwe“madziro” anoratidza kuguma kwenguva yokuiswa chisimbiso kwezana namakumi mana nezvina zvuru, sezvinomiririrwa muna Danieri chitsauko 11 ndima 41.

Mutungamiri Reagan aimbova muDemocrat akazotendeukira kuRepublican, aimbova nyeredzi yezvenhau, murume aizivikanwa nokutaura kwakajeka, ane pfungwa yakadzama yokuseka, muchengeti wemari wechinyakare uyo akaita mushandirapamwe achipikisa vakange vakazvimisa musimboto wesimba muWashington, DC. Asi, pasinei nokutaura kwaReagan mumushandirapamwe wake wokutanga achipikisa vakange vazvisimbisa (“swamp”) muguta guru renyika, akazoguma agadza muchikamu chezvigaro zvebhineti yake chikamu chakakwirira kupfuura chemumwe mutungamiri upi noupi wemazuva ano kusvika panguva iyoyo chevematongerwo enyika vaisimbisa zvido zvepasi rose, avo vakazosimbiswa zviri pamutemo. Akatosvika pakusarudza George Bush wekutanga kuti ave Mutevedzeri wake weMutungamiri, murume ane midzi yemhuri inodzokera kure munhorondo yezvido zvepasi rose.

Trump alipiga kampeni akiahidi kusafisha mfumo wa uongozi aliouita “bwawa la uozo,” lakini rekodi yake kuhusu watu aliowachagua kufanya kazi naye kwa ukaribu inaonyesha udhaifu wake mkubwa zaidi. Karibu watu hao wote walikuwa wawakilishi wa “bwawa la uozo” ambalo Trump analipinga kwa msimamo mkali sana. Trump, kama ilivyokuwa kwa Reagan, alikuwa aliyekuwa Demokrat kisha akawa Republican, nyota wa zamani wa vyombo vya habari, mtu aliyefahamika kwa ufasaha wake wa hotuba, mwenye hisia ya ucheshi ya kina, na mhafidhina wa masuala ya fedha.

Purezidhendi wekupedzisira weUnited States ndiye achava purezidhendi panguva inoubwa mufananidzo weupapa (mufananidzo wechikara) muUnited States. Naizvozvo purezidhendi wechisere uye wekupedzisira kubvira muna 1989 achabatanidzwa muhondo inorwisana nesimba reshato; nokuti mukati mehondo refu, yakatambanuka, neshato ndipo pakatanga upapa kugadzwa pachigaro nesimba reshato muna 538, ndokuzobviswa pachigaro nesimba iroro rimwe chetero muna 1798, uye huchazogadzwasve pachigaro nesimba reshato rinomiririrwa nemadzimambo gumi anobvumirana kupa umambo hwawo hwechinomwe kuupapa; uye pashure pachu vanobvisa chikara cheupapa pachigaro pavanomupisa nomoto uye vachidya nyama yake sezvaanosvika kumugumo wake pasina anomubatsira.

Mutungamiri anofanira kuva wechisere, anova anobva pavanomwe, achavawo mutungamiri anobabatanidzwa muhondo inorwa nesimba reshato. Hondo iyoyo inozivikanwa apo mutungamiri wechitanhatu uye akapfuma kupfuura vose anomutsa masimba ose eshato epasi rose anotsigira hurongwa hwepasi rose. Pamutungamiri vasere vokupedzisira, kutanga muna 1989, vaviri vakafa, zvichisiya vatungamiri vatanhatu vanobvira vangabatanidzwa muhondo inorwa nesimba reshato.

Kumatanthaukhumi ghanhatu murume vana ndivo vanotsigirwa pachena neshato semasimba epasi rose. Mumwe wevatanhatu ava, sababa vake, anozviti muRepublican, asi muRepublican muzita chete, uye, sababa vakewo, mumiriri wesimba reshato repasi rose. Pavatungamiri vapenyu vatanhatu, mumwe chete ndiye anonyatsosiyana nekusava muglobalist, uye ndiye mutungamiri anomutsa muglobalists. Ndiye ega pavatungamiri vasere vekupedzisira angakwanisa kuzadzisa chikamu chemufananidzo wehupapa, maererano nekubabatanidzwa muhondo inorwisana nesimba reshato.

Umongameli wokuqala ngqa weRiphabhulikhi wacaphuna ngokuduma umbhalo woMbhalo oNgcwele mayelana neMpi Yombango yase-United States okhuluma ngayo kanye leli qiniso.

Na Yesu akayajua mawazo yao, akawaambia, Kila ufalme uliojitenga juu yake mwenyewe hufanywa ukiwa; na kila mji au nyumba iliyojitenga juu yake yenyewe haitasimama. Na ikiwa Shetani humtoa Shetani, amejitenga juu yake mwenyewe; basi ufalme wake utasimamaje? Na ikiwa mimi huwatoa pepo kwa Beelzebuli, watoto wenu huwatoa kwa nani? kwa hiyo wao watakuwa waamuzi wenu. Lakini ikiwa mimi huwatoa pepo kwa Roho wa Mungu, basi ufalme wa Mungu umekwisha kuwajilia. Mathayo 12:25–28.

Hondo yeshato ra dhiragoni no mukomana mutongi ane fuma zhinji akamutsa ushe hweGiriki, inogona kungova pakati paDonald Trump nevanotsigira urongwa hwepasi rose, nokuti vamwe vose vashanu vangangove vapenyu vakambova vatungamiri venyika vanopikisa America uye vanotsigira urongwa hwepasi rose. Lincoln paakatora mashoko emavhesi apfuura kuti ataure pamusoro pokupatsanurwa kworudzi kuva misasa miviri, inotsigira uranda neinorwisa uranda, akanga achitaura nevaDemocrat vaitsigira uranda, pamwe navaRepublican vairwisa uranda; uye pakuita kudaro akanga achitaura nezvehondo yamazuva okupedzisira pakati pevaDemocrat vanotsigira urongwa hwepasi rose, avo vanomutsa nemutungamiri wokupedzisira weRepublican kubudikidza nesangano rake reMAGA-ism, iro raanomirira uye raanotungamirira.

Sa mutungamiri wekutanga weRepublican, Lincoln anomiririra muchimiro mutungamiri wekuperedzisira weRepublican. Mutungamiri wekuperedzisira anomirirwawo nemutungamiri weRepublican panguva yokuguma muna 1989. Zvapupu zviviri izvi zvinoratidza kuti mutungamiri wavari kumiririra muchimiro weRepublican. Mutungamiri weRepublican panguva yokuguma muna 1989 akanga asiri muRepublican chete, asi akanga ari wokutanga pavatungamiri vasere vokuperedzisira. Mutungamiri wekuperedzisira achawawo akanga amiririrwa muchimiro naGeorge Washington, mutungamiri wokutanga uye Mutungamiriri Mukuru wokutanga wemauto.

Washington futi yakanga yatimirirwawo nomutungamiri wokutanga munguva inomiririrwa na1776, uye mutungamiri wokutanga iyeye (Peyton Randolph) akanga ari mumwe wavarume vanomwe vakashanda mukati munguva sere dzinimiririrwa nevarume vanomwe. Randolph akanga ari wokutanga pavane sere, saka aimirira Reagan, uyo akanga ari wokutanga pavane sere, uye akanga ari wechisere aibva kune vanomwe. Naizvozvo Randolph aimiririra Washington (mutungamiri wokutanga), Lincoln (mutungamiri wokutanga weRepublican), Reagan (mutungamiri wokutanga wevanosere vokuperedzisira), uye mutungamiri wechisere pashure pa1989, uyo maererano nechisungo choupofita aizova wechisere, uya aibva kune vanomwe.

Washington aizomirirwawo na John Hancockwo, uyo aive mutungamiri munhorondo inomiririrwa na1789, uye uyo, sezvakanga zvakaitawo Randolph, aive wechisere, aibva kune vanomwe. Randolph akanga afananidzira Washington, saka apo Hancock anowirirana naRandolph semunhu wechisere anobva kune vanomwe, Hancock anomiririra mutungamiri wechisere mushure ma1989, uyo, nokuda kwechikonzero chechipofofita, aifanira kuva wechisere, aibva kune vanomwe.

Randolph, Hancock, Washington, Lincoln na Reagan vose vanomiririra mutungamiri wekuperedzisira. Zvapupu zviviri zvezvo zvinotsinhira kuti mutungamiri wekuperedzisira achava weRepublican. Zvapupu zviviri zvinotsinhira kuti mutungamiri wekuperedzisira achava wechisere, ndiye anobva pakati pevanomwe. Vatungamiri vashanu vachiri vapenyu, kubva pavatungamiri vasere vakatevera nguva yekuguma muna 1989, vanoratidza kuti Trump oga ndiye ane dzidziso yezvematongerwo enyika inomukodzera kupinda muhondo nesimba reshato.

Lincoln akatangirwa imbere na James Buchanan, w'umudemukarate, uwo abanyamateka b'inyangamugayo bagaragaza ko ari we wabaye perezida utaragize ubushobozi kurusha abandi mu mateka ya mbere y' Amerika, kandi ubuyobozi bwe butagize umumaro ni bwo ahanini bwabyaye Intambara y' Abanyagihugu ya Leta Zunze Ubumwe za Amerika. Mbere yuko Lincoln arahira, leta zo mu majyepfo zari zisanzwe zaratangiye kwitandukanya n'Ubumwe, kandi nyuma y'ukwezi kumwe gusa nyuma y' irahira rya Lincoln, amasasu ya mbere yahise araswa. Buchanan yashyize mu bikorwa inzego n' imigendekere byabyaye intambara Lincoln yahatiwe gukemura.

Reagan akatangirwa n'umukuru w'igihugu utagize icyo ageraho kurusha abandi bose bo mu bihe bya none. Carter, wari umudemukarate, yashyize Leta Zunze Ubumwe za Amerika mu kimwaro kubera kunanirwa kwe guhangana uko bikwiye n' Islamu y' ubuhezanguni iri muri Irani.

Trump akatangirwa na Obama, Umudemukarate, watangije nkana amacakubiri mu muco, muri politiki no mu bukungu, kandi ayo macakubiri yakomeje gusa kwiyongera kuva icyo gihe.

Ubuyobozi bwe butagize icyo bugeraho bwari bwaragereranyijwe na Buchanan na Carter bombi, ariko mu mateka yarimo ayoboye, Itangazamakuru Rikuru ryari ryaratangiye kugaragaza ishusho rijyana n'iya Reich Ministry of Public Enlightenment and Propaganda ya Adolph Hitler. Ibitero bya Obama ku nzego z'imibereho, iza politiki, iz'imari n'iz'idini byo muri Leta Zunze Ubumwe za Amerika byarahishwe ku bantu bahisemo kutareba, kandi kudashobora kwe gukora neza nk'uwarahiriye kurinda Itegeko Nshinga kwabitswe mu ibanga mu buryo bwitondewe. Obama yateje isoni Leta Zunze Ubumwe za Amerika kubera kudashobora kwe guhangana uko bikwiye na Islamu y'abahezanguni, ifite icyicaro muri Irani.

A po Trump akasarudzwazve musarudzo dza 2024, somutungamiri wenyika wechisere kubva pana Reagan muna 1989, achazotangwazve nemuDemocrat anotsigirwa neshato yezveglobalism, uyo zvino atora korona somutungamiri wenyika asina kubudirira kupfuura vose munhoroondo, uyo akaramba achinyadzisa United States mukuedza kwake kugadzirisa Islam yakanyanyisa, iri muIran, kunyange hazvo vezvenhau vemazuva ano veMainstream Media (sezvinofananidzirwa neReich Ministry of Public Enlightenment and Propaganda) vachishandazve kuviga chokwadi ichocho chiri pachena.

Reagan alipoingia madarakani, mgogoro ambao haukuwa umetatuliwa na Uislamu wa misimamo mikali, ulioko Iran, ulikuwa umeachwa bila kutatuliwa na rais wa Chama cha Democratic. Reagan mara moja alichukua hatua za kubadili mwelekeo wa mvutano kati ya Marekani na Uislamu wa misimamo mikali, kama unavyowakilishwa na Iran. Trump alipoingia madarakani, mgogoro ambao haukuwa umetatuliwa na Uislamu wa misimamo mikali, tena ukiwa Iran, haukuwa tu umeachwa bila kutatuliwa, bali pia ulikuwa umefadhiliwa na rais wa Chama cha Democratic. Trump mara moja alichukua hatua za kubadili mwelekeo wa mvutano kati ya Marekani na Uislamu wa misimamo mikali, kama unavyowakilishwa na Iran. Rais wa sasa wa Chama cha Democratic alibatilisha maendeleo yote yaliyokuwa yamepatikana na Trump, na sasa ulimwengu mzima unavutwa kuingia katika vita vya tatu vya dunia kwa sababu ya uongozi usiofaa wa Biden.

Izvo neizadzisi chete basa rine chekuita neIslam rinomiririrwa nokusashanda kwaCarter, uye nokusimudzirwa kweIslam naObama, asiwo nebasa raBuchanan rokutanga hondo, iyo mutungamiri wenyika weRepublican aifanira kugadzirisa.

Saizvozvowo na mopresidene wa kutete wa Republican, Trump wakapondiwa mwa ndyali nga nguzu dza shato la baglobalist mu chisankho cha 2020. Apo wakaonekeranga nga wafwa mu msewu, baglobalist ba chilombo cha pa ntunda na baglobalist ba charu chose ba kwamba kusekelela, nga mo kukalosekerwa mu Chivumbulutso chaputala 11.

Iye zvino tasvika mugore ra2024, apo Trump amira netsoka dzake, uye nyika yeshato iyo yakanga ichifara nokupembera kubvira musu wa6 Ndira 2021, zvino yava kutarisana no“kutya kukuru.” Mainstream Media (MSM) yava mukuvhunduka. Mashoko avo avanogara vachidzokorora ava kutanga kuratidza kunetseka kwavo kuti, sezvinotaurwa murwiyo rwekare rwerock and roll, “murume uya akwegura anonetesa wavakasarudza kuti ave mambo,” haana kugona kuramba ari pedyo zvakakwana nenhamba dzaTrump kuti michina yavo yekuvhota ikwanise kusundira Biden kusvika pamusoro. Mainstream Media zvino yava muchina wepropaganda zvakangofanana neReich Ministry of Public Enlightenment and Propaganda mumazuva aHitler.

Ichi chinhu chakaraidzwa kakawanda-kawanda kupfuura chero mukana wezvemasvomhu wokuti chingava neimwe nzira. Nguva imwe neimwe panounzwa munzanga yose pfungwa itsva yokutaurwa navatsigiri vehurongwa hwepasi rose, zvakanyorwa kakawanda kuti nzira dzakasiyana-siyana dzokutaurirana dzinotungwa nomuchina wedhiragoni wepropaganda dzinobudisa mashoko mamwe chetewo, shoko neshoko, padzinotsanangura chiitiko ichi kana nyaya iyoyo.
